Of Interest to Women

DAILY THOUGHT.
The noblest men that live on earth
Are men whose hands are
With toil.

Who, backed by no ancestral grates
Hew down the wood and till the
soil.

And with thereby a prouder name
Than follows king's or warriors
fame. —Anon.

the New York league insofar as it
is possible and will have as its field
of endeavor the improvement and
upbuilding of Tulsa as a place of
residence and better place in which
to rear its young manhood and
womanhood.

All women of the city whether
they have any civic affiliation or
not, are invited to be present and
take part in the formation of the
league.

TODAY March 15.
At the regular meeting of the
board of managers of the children's
day nursery, yesterday morning, ar-
rangements were made for observ-
ing tag day, March 15, for the benefit
of the home.

There were 35 members of Tulsa
chapter, D. A. R., present at the
regular meeting of the chapter on
Wednesday afternoon at the home
of Mrs. C. W. Benedict. Mrs. James
H. West was assisting hostess.

The principal business of the ses-
sion was the election of delegates to
the state conference at Muskogee,
March 18-19. Mrs. Henry C.
Ashby and Mrs. L. Clinton will repre-
sent the chapter as regent and vice
regent while Miss Alma Reid Mc-
Ginn, Mrs. Frank E. Shallenger and
Mrs. C. S. Walker will go to the
meeting as credentialed delegates. Miss
Pearl Kimball, Mrs. Thomas L. Mun-
roe and Mrs. C. W. Parent were
elected alternates.

Miss Linda, historian, gave
a report of the activities of the chapter
in Red Cross work during the
war, assistance rendered in giving
scholarships to ambitious young
women seeking an education and its
work along the line of aiding elderly
folk in order that their last days
might be filled with comforts and
some luxuries which they otherwise
would not be able to enjoy. In the
pleasant social session, which fol-
lowed the business refreshments were
served. Visiting D. A. R.

present were Mrs. H. M. Blackmore,
Mrs. Floyd Rose, Mrs. E. L. Merry and
Mrs. Everett Manning of Pine-
ville, Mo.

"Our boys have beaten the Hun,"
says Mrs. Helen Huntington Downing.
"Now we are in the war, and the greatest
battle of the war is yet to
be fought by the home maker.
Famine is our grim adversary by his
satellite—anarchy. Our weapon is
food."

Mrs. Downing tells us that the
housewife through her careful use of
all foods and avoiding waste can
build up a supply of food sufficient
to help feed the Hun. She says
that the only way to avoid waste and
utilizing all available food. One
should know what constitutes a
balanced ration and how to use the
various so called substitutes and
perishable foods so that nothing will
be wasted.

There is enough food for all with
economy, but there is waste. The
country has suffered from German occu-
pation can only be adequately fed
if we conserve in every possible way.

Fats are scarce in the world and the
United States must supply the
greater part of these. The herds
were killed off in the warring coun-
tries; therefore, we must conserve
meat products that with certain
other articles may be used. Exporters
now have to ship. Exporters do not
care if we ship. In short, we
must conserve all foods, waste nothing.
Otherwise some one will go hungry.
The boys have fought the Hun—
we who are in charge of the food must
feed families. With wise steady con-
servation, we shall win and thus
finish their work. They won the war,
but we must win the world."

Mrs. Cecilia Jolliffe of Littleton, W.
Va., guest of Mrs. Helen Shaver
and Mrs. Wimberly, who is
from Topeka, Kan., visiting Mrs.
L. R. Lane, were made the honored
guests of a pleasant gathering of Tulsa
Stars club members Wednesday after-
noon in Masonic hall.

A program of music and readings
was the manner of entertainment
planned, and refreshments were
served to the 85 guests in attendance.
The program, a contest conducted by
Miss Cecilia Jolliffe, included
Mrs. Ida Snyder, readings by Mrs.
John Meissnerbacher, piano numbers
by Mrs. Louise Nixon of Sand
Springs; songs by Mrs. Ida Wade-
Harrell, with Miss Genevieve Bow-
man at the piano; readings by Mrs.
Louise Smith of Sand Springs.

lowed the business of the chapter.

Hindenburg Gloom.

By The Associated Press.
BERLIN, Wednesday, March 6.—
The military situation on the east-
ern front, painted in blackest col-
ors by Field Marshal von Hinden-
burg in an interview printed here,
Tuesday, could not be described as
less the population generally rallies
to the defense of their homes and
families; it will be impossible to ward
off attacks by bolshevik hordes.

FORD PLANS TO ERECT
SEVERAL NEW FACTORIES

LOS ANGELES, March 6.—Further
details of Henry Ford's plan to
build a new automobile at a less
cost to the purchaser than any auto-
mobile now extensively sold, were
published today. The new car will
be built at factories strategically
placed for economic value of the
raw materials and distribution of the
product. Mr. Ford said: He is en-
titled to his home in Detroit.

As outlined here by Mr. Ford, his
plans contemplate the early erection
of a parent plant probably at Det-
roit or at some point in the central
states where water power will be
available. This plant, he said, he
hoped to operate within a year and
then to plane to erect other facto-
ries in various parts of the country
which will be owned entirely by himself and family.
The company will be headed upon
him, he said, because of court decisions requiring
him to disburse certain money if the Ford Motor
company which he had individually
wished to hold as a cash reserve.
